

Instruction : recreate and improve the obvious fake email to make it more believable.
Remember the end goal is to encourage the user to click on the link.

To create a 'good' phishing email, you should:

Add some context at the beginning - make it relevant to a Mastercard employee

Mask the hyperlink within text

Use correct spelling and grammar

Add points of legitimacy

ANSWER

From: mastercardsIT@gmail.com

To: employee@email.com

Subject: URGENT: Password Reset Required

Body:

Hello [Employee Name],

We have detected unusual activity in your Mastercard email account. To ensure the security of our systems and your personal information, immediate action is required.

Please use the link provided below to reset your password. Failure to do so will result in your account being temporarily locked to prevent further unauthorized access.
